

BSGE Annual Scientific Meeting
9th -11th May 2018
Our Dynamic Earth, Edinburgh
“Learning together to transform lives”

We are delighted to announce that the BSGE Annual Scientific Meeting 2018 will be held at [Our Dynamic Earth](#) in Edinburgh from 9th to 11th May 2018. Pre-congress Masterclasses will run on Wednesday, 9th May and full ASM will take place on Thursday 10th and Friday 11th May.

Following on from the success of last year’s BSGE Annual Scientific Meeting in Hull, we have seen further growth in our membership and the society now has 1,200 members. The theme of the Edinburgh programme is ‘Learning together to transform lives’, and it includes plenary lectures, debates, meet the expert sessions, educational demonstrations and research presentations. We have already had significant interest from our members about the meeting and some applications from industry partners keen to participate in the forthcoming ASM. This announcement is to give your company the opportunity to take part.

As you would expect, the scientific meeting will include advanced laparoscopic surgery for endometriosis, hysteroscopic surgery, fibroids and heavy menstrual bleeding, as well as urogynaecology, pelvic floor surgery, fertility, ultrasound, and gynaecological oncology. This meeting will enable industry to introduce technical advances and new products to delegates.

There will be industry stands in a specially designed area that will include the main catering for the meeting, so delegates will be readily available to visit industry stands throughout the meeting.

We invite your company to participate in the “Edinburgh 2018 BSGE Annual Scientific Meeting” by taking up one of the sponsorship packages detailed below. Please email a completed acceptance form to the BSGE Secretariat at bsge@rcog.org.uk or by post to BSGE Secretariat, 27 Sussex Place, London, NW1 4RG. The Board of the BSGE and the local organisers would be delighted to see you included in this high profile meeting.

We very much look forward to your participation and to seeing you at ‘Edinburgh 2018’.

With best wishes,

Why Edinburgh?

Globally recognised as a world-leading authority in the sciences, technology and education, Edinburgh is one of the best locations in the world for the 2018 BSGE Annual Scientific Meeting. Edinburgh is a high energy interdisciplinary biomedical environment dedicated to improving women's health and our programme in 2018 brings together national and international experts with a wealth of experience and knowledge in gynaecological endoscopy. Social events include a drinks reception on 9th May at Our Dynamic Earth, overlooking the extinct volcano Arthur's Seat, and a gala dinner on 10th May in the world famous National Museum of Scotland.

Our Dynamic Earth, Holyrood Road, Edinburgh, EH8 8AS

Offering stunning 360° views across Edinburgh's picturesque cityscape and Royal Park, Our Dynamic Earth is perfectly situated for the 2018 BSGE Annual Scientific Meeting. With its magnificent translucent roof and glass walls, the dramatic setting of the Stratosphere will ensure our event is unique and above all memorable. The Stratosphere is an extremely adaptable space with its own exclusive bar and outside Terrace.

Our Dynamic Earth's dedicated conference suite (Biosphere Suite) can comfortably seat 300. Modern, stylish and versatile with a high arched ceiling and imposing windows, the Biosphere will be split into two rooms, Biosphere Green and Biosphere Blue. This flexibility makes it ideal for the 2018 BSGE Annual Scientific Meeting. Equipped with the latest technology and supported by a highly professional events team, the historic and picturesque surroundings will add value to our event.
